Note 1 These closes are of small size and, for clarity, may not be identified on the associated map. However, the suffix letter indicates whether they are a Garden, a Homestead, an Orchard, a Plantation or a Stack Garth. The number following the Landowner's name (e.g. "Thomas Kirby (157)") against Close "155P" indicates that the plantation of 7 perches is located within the area of the larger "host" close 157, both owned by Thos. Kirby.

Note 2 Closes 212 etc are thought to have been owned by Robert Cross Hudson & Johnson Hudson (perhaps related to 193 Ann Hudson & 283O Robert Cross)
